However, the Programme can be used together with Europcar Partner Frequent traveller programmes, i.e. Privilege members can earn Privilege credits and Frequent Traveller miles/points for a same rental.

4. Privilege Cards

When joining the Programme for the first time, the Driver qualifies for the entry Tier level which is the Privilege Club.

In case of any breach by the Privilege Member of Europcar General Terms and conditions and more specifically the present specific terms, Europcar is entitled to terminate the Privilege Member's enrolment to the Programme without prior notice.

Europcar may terminate the enrolment into the Privilege Member loyalty programme for any reason whatsoever by sending to the Privilege Member a one month prior notice via email or postal mail.

The Privilege card remains the sole property of Europcar and must be returned to Europcar on demand.

9. Claims and Notifications

9.1. Privilege Credit claim

If the Privilege Member notices that Privilege Credits have not been properly credited to his or her account after a minimum waiting period of six (6) weeks following the invoicing of a Qualifying Rental, he/she may request that the balance be adjusted within a period of six (6) months following a Vehicle rental made at the relevant Privilege location (based on the vehicle return date).

To do so, Privilege Members should login to the Europcar website and must complete all mandatory fields of the Privilege online query form in [the Query section of My Europcar \(https://www.europcar.com/loyalty-programs\)](https://www.europcar.com/loyalty-programs), i.e. reservation or rental agreement number, pick-up date and station, return station.

To be entitled to earn Privilege Credits, the Privilege member must be the main driver of the rental and the invoice corresponding to the rental must be in the name of the Privilege Member.

9.2. Miscellaneous

The Privilege Member may submit any other query regarding the Programme through the [contact us section \(https://www.europcar.co.uk/contact-us/email\)](https://www.europcar.co.uk/contact-us/email), with the following object "Europcar Privilege Loyalty programme".

10. Collected Personal Data

By enrolling into the Programme, Privilege Members accept that their personal data collected in the Privilege enrolment form will be saved on a computerised secured database and used in order to speed up the rental process or inform the member on his/her status in the programme and his/her rewards. For instance, Privilege Members won't need to fill in this information for each rental. The Privilege Member personal data will be stored under a Europcar ID in a fully secured environment. Therefore, by logging into his/her My Europcar or by quoting the Europcar ID over the phone or at counter, Europcar will have access to the Privilege Member data. Such information will also be pre-filled on the online booking form so that the Privilege Member only has to select the relevant rental time and place as well as the Vehicle category. The Privilege Member will be able to access and change his/her personal data at any time by logging in the My Account section.

Europcar may disclose the Privilege Member personal data to one of its agencies in a country where the data protection is not adequate for the sole purpose of proceeding with the rental requested by the Privilege Member in such country.

Europcar only stores personal data of Privilege Members for as long as is necessary to achieve the purposes described in the Europcar Privacy Policy (<https://www.europcar.com/security-and-privacy-policy>), in accordance with applicable law.

11. Modification of the Privilege Loyalty Programme Specific Terms

Europcar may amend the Privilege Loyalty Programme Specific Terms from time to time. The Privilege member shall therefore refer to the latest version of the Privilege loyalty programme Specific Terms available online. These amendments shall be deemed to have been approved by the Privilege Member unless he/she gives Europcar written notice of the contrary within one month following the relevant amendment.

Europcar may end the Privilege Loyalty Programme at its sole discretion by providing at least a ninety (90) days written notice to the Privilege Member. In any case, each Privilege Member will benefit from the advantages of his/her Privilege membership until its expiry date.

12. Force majeure

Either Party shall be excused from any delay or failure in performance of its obligations caused by any occurrence or contingency beyond its reasonable control, including but not limited to earthquake, labour disputes, riots, governmental requirements, decisions and/or regulations, failure of computer equipments, failures or delays of sources from which data is obtained and transportation difficulties.

In case of occurrence of a force majeure event, the Party prevented from executing its obligations shall not be liable for such default and shall make its best efforts to make the force majeure event cease.
